

# Product Specification

Maruusecchaku Corporation  
Engineering Department

## 1. Product Name

Woodfreepaper55 Rt-K GS

## 2. Product Composition

## 3. Material

Face Stock . . . . . woodfreepaper55

Adhesive . . . . . Acrylic ester co-polymer (Strong Repetition)

Release liner . . . . . Silicone treated on one side of glassine paper

## 4. Physical Property Standard

| Category      | Item                            |          | Unit                  | Criterion Value      | Test method     |
|---------------|---------------------------------|----------|-----------------------|----------------------|-----------------|
| Face stock    | Thickness                       |          | $\mu\text{m}$         | 80                   | JIS-P-8118      |
|               | Tensile strength                |          | N/15mm                | 58.0over             | JIS-P-8113      |
| Adhesive      | Adhesive force<br>(Against SUS) |          | mN/25mm               | 4410                 | Maruu<br>method |
| Release liner | Thickness                       |          | $\mu\text{m}$         | 68                   | JIS-P-8118      |
|               | Basis weight                    |          | $\text{g}/\text{m}^2$ | 75                   | JIS-P-8124      |
|               | Tensile strength                | MD<br>CD | N/15mm                | 98.0over<br>68.0over | JIS-P-8113      |
